## WARNING:

Petitioner/applicant is cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identity theft. Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card authorization form PTO-2038 submitted for payment purposes) is never required by the USPTO to support a petition or an application. If this type of personal information is included in documents submitted to the USPTO, petitioners/applicants should consider redacting such personal information from the documents before submitting them to the USPTO. Petitioner/applicant is advised that the record of a patent application is available to the public after publication of the application (unless a non-publication request in compliance with 37 CFR 1.213(a) is made in the application) or issuance of a patent. Furthermore, the record from an abandoned application may also be available to the public if the application is referenced in a published application or an issued patent (see 37 CFR 1.14). Checks and credit card authorization forms PTO-2038 submitted for payment purposes are not retained in the application file and therefore are not publicly available.

**STATEMENT**

(In the space below, please provide the showing of unavoidable delay recited in paragraph 8 above.)

The second maintenance fee due was unavoidable due to financial difficulties. A letter was received as a reminder that the second maintenance fee was due on September 21, 2009. Upon some of my financial burdens being lifted, I am promptly taking the steps possible to have my patent, No. 6358072 revived. I am fully aware that the next maintenance fee will be due on September 19, 2013.
